

Medscape continuing education (CE) seminar

The role of Ct values in infectious disease diagnostics

Medscape CE credits – learn about the role of Ct values beyond COVID-19

COVID-19 has brought an unprecedented level of interest in the utility of Ct values. It is important to understand what you can learn from Ct values. And to know their strengths and limitations in diagnostics.

To help work through the details, we have a new on-demand seminar with Medscape, designed to improve knowledge of Ct values and how they have been evaluated in the context of the COVID-19 pandemic.

Title: COVID-19 Testing – Syndromic Testing and Interpretation/Implications of Cycle Threshold Values

Speakers: Dr. Michael D. Mina, MD, PhD, Dr. Nathan A. Ledeboer, PhD

Available on-demand at www.medscape.org/infectiousdiseases
